

# Chemical Safety Data Sheet

International Standards CAS 9000-70-8

ISSUE DATE: 17TH JAN., 2025

## 1. Products and information

1.1 Product name : JELLY GLUE

1.2 product, code-named :---

1.3 suppliers

Name: WEIFANG SAHO ADHESIVE INDUSTRY CO., LTD

Address: Binhai Industrial Park, Fangzi District, Yangzi Street Binhai District, WEIFANG city, Shandong Province

## 2. Composition / information on ingredients

2.1 Ingredient	Percent	Hazardous	
Gelatin	25%-50%	No	CAS-NO-9000-70-8
Glycerinum	5% -15%	No	CAS-NO-56-81-5
Syrup	20%-40%	No	CAS-NO-8002-48-0
Antifoamer	0.01%-0.05%	No	CAS-NO-8042-47-5
Water	20%-30%	No	CAS-NO-7732-18-5

## 2.2 Molecular formula of product

2.3 Synonyms : Absorbable gelatin sponge Gelatin foam Gelatine Gelatins Gelfoam

## 3. Identification of dangerous goods

Explosive Danger	The substance presents no explosive hazard.
Flammable Danger	The burning rate test is conducted in accordance with the IATA DGR, the rate of burning is less than 2.2mm./s, so the substance does not belong to flammable solid.
Oxidizing Danger	The substance does not belong to oxidizing substances.
Toxic Danger	The substance does not belong to toxic substances.
Radioactive Danger	The substance does not belong to radioactive substances.
Corrosive Danger	The substance has no obvious harm to skin and metal, so it does not belong to corrosives.

## 4. First-aid measure

eyes:

In case of eyes contact, flush with flowing water, if swallowed, get medical aid.

Skin :

Clean your skin with warm water and change the polluted clothes

## 5. Measure of fire

Suitable fire extinguishment methods : foam fire extinguisher, dry powder fire extinguisher

Water

## 6. Accidental release of the measure

Sweep up with spade, place into a dry, clean lidded container for disposal.

## 7. Handling and storage

Store in a cool, well-ventilated area, keep away from light, heat and moist place

## 8. Exposure control / personal protection

Wear appropriate protective clothing and safety gloves.

## 9. The physical and chemical characteristics

Soluble in water, PH Value: 6.0~7.0

Appearance & Odor: Amber Blocky solid, Weak odor

## 10. Stability and reactivity

### Stability

The material is stable under normal temperature and pressure

### Incompatibilities

None

## 11. Toxicological information

Sensitization potential : not a skin sensitizer

Irritation potential : non-irritant to eye and skin

## 12. Ecological information

Ecological toxicological toxicity: No

Biodegradation: easy to degrade

Other harmful effects: No

## 13. Considerations to deal with

by transport or qualified to carry out the treatment plant to deal with pollution-free.

## 14. Transport information

HS code: 35069900

Packing style: 25kg/carton

Transportation notes: handle with care and don't damage the package.

Applicable Regulations: Not applicable

DOT/EPA Hazard Class: Not applicable

Shipping Name: See product name

IMDG: Not regulated

## 15.'s Control of information

15.1 chemical products used in the special regulations

15.1.1 in accordance with the EC-Directive 67/548/EEC and 99/45/EC, or they all add to the terms and revised edition, Ben Pinwei non-dangerous goods.

15.1.2 EU food contact information: the product can be in contact with food are accepted.

15.1.3 the U.S. Food and contact information: re-use as a rubber filler particles, carbon black has been allowed in food and medicine, not the use of direct contact.

## 16. Other information

The information in this file is believed and true However ,the accuracy or completeness of this information and suggestions are made without guarantee, since the conditions of use are beyond the control of our company .It is the responsibility of the user to determine the conditions of safe use.
